SKILLS

Software development: Front-end web development, UI/UX design, object-oriented design, Agile development

Languages: JavaScript, Java (proficient), Python, C, C#, PowerShell, Bash (familiar)

Technologies: HTML/CSS, React Native, Node.js, WordPress, AWS Lambda, SharePoint, Git, Unix/Linux use

EXPERIENCE

Feeding Children Everywhere, Longwood, FL - Associate Developer

January 2017 - Present

- Lead developer and maintainer for all websites and applications.
- Worked with graphic designers through 2 full re-designs of organization's Fed 40 food-ordering application using React Native. Changed app ordering from a single form to a multi-view selection process.
- Localized Fed 40 app for Spanish using React's localization library.
- Used Node.js and Zapier to automate the app's back-end processes.

EDUCATION

Valencia College, Orlando, FL - A.A. in Information Technology

August 2015 - August 2017

- **Courses:** Java, C, Object-Oriented Programming, Database Management Systems, Computer Maintenance, Statistical Methods, Discrete Mathematics, Macroeconomics

PROJECTS

tattle.tech - HackRiddle 2016, Embry-Riddle Aeronautical University's student hackathon

- Worked on a team of 5 students to develop a university abuse online reporting and response system.
- Independently developed Chrome extension portion using JavaScript allowing students to submit abuse reports directly from offending web pages.
- **Project won 1st place in HackRiddle's anti-bullying category.**
